

Section 1: Identification of the Material and Supplier

Product Name: Cow Power Supa Rinse

Other Names: Surfactant solution.

Proper shipping name (ADG Code): None assigned.

Recommended use: As a milking machine rinse additive.
Use as directed on the product label.

Supplier: DASCO Pty. Ltd.,
ABN: 14 004 581 113
24 - 26 Helen Street, HEIDELBERG HEIGHTS VIC 3081
Tel: (03) 9459 7004 (business hours)
Fax: (03) 9459 9200

Emergency Phone Numbers:
Transport/Fire Emergency: 000 (Emergency services)
Medical Emergency: 131126 (Poisons Information Centre)

Section 2: Hazards Identification

Not classified as hazardous according to criteria of Worksafe Australia.

Non-dangerous goods.

Risk Phrases: None assigned.

Safety Phrases: S: 24/25 Avoid contact with skin and eyes.

Section 3: Composition/Information on Ingredients

Ingredients:

| | | |
|-------------------|-------------|----------|
| Mixed surfactants | | < 10 % |
| Other ingredients | | < 10 % |
| Water | [7732-18-5] | to 100 % |

Section 4: First Aid Measures

For advice, contact a Poisons Information Centre (Phone 131 126) or a doctor.

- Swallowed: Do not induce vomiting.
- Skin: Remove contaminated clothing and wash skin thoroughly.
- Eyes: Hold eyes open, flood with water for at least 15 minutes and seek medical advice.
- Inhaled: Remove from exposure.

First Aid facilities:

Recommended: Eye wash. Hand wash basin.

Advice to Doctor:

Product is a dilute, aqueous solution of mixed surfactants and inorganic compounds. If swallowed, vomiting should not have been induced because of risk of aspiration into the lungs. May cause mild irritation to eyes. Contact Poisons Information Centre.

Aggravated medical conditions:

Pre-existing skin disorders.

Section 5: Fire Fighting Measures

- HAZCHEM Code: None assigned.
- Extinguishant: Water.
- Risk of violent reaction or explosion: No.
- Products of combustion: Water vapour, oxides of carbon, oxides of phosphorus.
- Protective Equipment: Breathing apparatus and protective gloves for fire only.

Section 6: Accidental Release Measures

Emergency Procedures:

Contain.

For large spills:

Contain spillage using sand or earth. Transfer both liquids and solids to suitable container. Treat residues as for small spillages.

For small spills:

If local regulations permit, mop up with plenty of water and run to waste, diluting greatly with running water. Otherwise absorb on inert absorbent, transfer to suitable container and arrange removal by disposals company.

Section 7: Handling and Storage

Precautions for safe handling:

Avoid contact with skin and eyes.
Keep away from oxidising agents.

Conditions for safe storage:

Store in a cool, well ventilated place, out of reach of children.
Large quantities should be stored in a bunded area.

Incompatibles:

Oxidising agents, strong acids, caustic alkalis.

Section 8: Exposure Controls/Personal Protection

National Exposure Standards:

ES-TWA: None assigned.

ES-STEL: None assigned.

ES-PEAK: None.

Notations: None.

Biological Limit Values: No data found.

Engineering Controls:

Ensure adequate ventilation (same as outdoors) when using.

Personal Protective Equipment:

Avoid contact with skin and eyes. Personal protection to be selected from those recommended below, as appropriate to mode of use, quantity handled and degree of hazard:-

Normal Use:

Eye/face protection
Gloves, rubber or plastic.

Industrial Quantities:

Face shield or safety glasses
Gloves, rubber or plastic
Plastic apron, sleeves and boots
Impervious overalls.

Section 9: Physical and Chemical Properties

Appearance: Clear, blue, mobile, slightly frothing liquid.
Odour: Almost odourless.
pH: 9 - 10.
Vapour Pressure: About 23 hPa @ 20 °C
Vapour Density: No data.
Boiling Point: From 100 °C
Melting Point: No data.
Volatiles: About 88 % [as water]
Volatile Organic Compounds (VOC): None.
Evaporation Rate: No data.
Solubilities: Miscible with water in all proportions.
Specific Gravity/Density: About 1 g/mL @ 20 °C
Flash Point: None.
Flammable Limits: None.
Dust Explosion: Not applicable.
Auto-ignition Temperature: No data.

Other Information:

May react with strong oxidising agents.
May react with strong mineral acids.
Slippery when spilled.

Section 10: Stability and Reactivity

Chemical Stability: Stable under normal conditions.
Conditions to Avoid: Incompatible materials.
Incompatible Materials: Oxidising agents, strong acids.
Hazardous Decomposition Products: May produce oxides of phosphorus in a fire.
Hazardous Reactions: None known.

Section 11: Toxicological Information

Health Effects:

No data available for the mixture. Information presented relates to individual ingredients.

| | | |
|-----------------|---------------------|---|
| Acute: | Swallowed: | Likely to cause gastric upset with nausea, discomfort or pain, possible vomiting and diarrhoea. As aspiration risk. |
| | Skin: | May cause mild irritation. Will have a degreasing effect on the skin which may lead to further irritation. |
| | Eyes: | May cause mild irritation. |
| | Inhaled: | An unlikely route owing to the low volatility of most ingredients. Aspiration of froth into the lungs during swallowing or vomiting may cause chemical pneumonitis (irritation of lung tissues) and possible pulmonary oedema (build-up of fluid in the lungs). Onset of symptoms may be delayed. |
| Chronic: | | Repeated skin contact may cause irritation and dermatitic effects. |
| LD50: | Surfactant #1 | No data found. |
| | Surfactant #2 | 2,500 mg/kg oral, rat. 4,600 mg/kg skin, rabbit. |
| | Other ingredient #1 | 3,120 mg/kg oral, rat. ➤ 4,640 mg/kg skin, rabbit. ➤ |

Section 12: Ecological Information

| | |
|---|--|
| Ecotoxicity: | May be harmful to aquatic organisms. |
| Persistence and degradability: | The surfactants used in this product are not considered to be readily biodegradable. |
| Mobility: | Readily transported by water. |
| Environmental Fate: | No data. |
| Bioaccumulative potential: | No data. |
| Other adverse environmental effects: | Contains a small proportion of phosphates, may contribute to algal bloom. |

Section 13: Disposal Considerations

The generator of any wastes from this product is responsible for its proper classification, transport and disposal.

Consult appropriate local and State regulations.

Disposal methods and containers:

Avoid disposal to natural waters or the environment.

Special precautions for landfill or incineration:

Unsuitable for incineration.

Section 14: Transport Information

UN Number: None assigned.

UN Proper shipping name: None assigned.

Class and subsidiary risk: None.

Packaging group: None.

Special precautions for user: None.

HAZCHEM Code: None assigned.

Material for export: Not regulated.

Section 15: Regulatory Information

Poisons (SUSDP): Not a scheduled poison.

Dangerous Goods: Not dangerous goods.

| | | | | |
|--------------------|------------------|-------------|------------|--------------|
| Carcinogen: | Australia | IARC | NTP | RTECS |
| | No. | No. | No. | No. |

Agricultural and Veterinary Chemicals Act:

This product is registered with the Australian Pesticides and Veterinary Medicines Authority (APVMA).

Australian Inventory of Chemical Substances (AICS): Listed.

Other National/International Regulations: None found.

Section 16: Other information

Date of MSDS update: September 2009
General review and update.
