IDEAS TO FARM. EVERYDAY.

DRY CUFFS

Keep your forearms warm, dry and protected!

Based in New Zealand, Dry Cuffs Ltd have been making quality waterproof Neoprene Sleeves since 2015.

Farming during the cold winter months can be a tough work. Dry Cuffs customers enjoy keeping their forearms warm and protected.

The snug fit around wrist area stops any water or “muck” getting underneath the cuff.

To find your size, simply follow the chart below

Measure the length between your wrist and forearm

Measure around your wrist

Measure around your forearm below your elbow

	Wrist (cm)	Forearm (cm)	Length (cm)
Small	15	26.5	25
Medium	16	27.5	25.5
Large	18	29	26
X-Large	19	31	26.5
XX-Large	20	33	26.5

Dry Cuffs Care Instructions

Simply pull the cuffs on, when removing them **ROLL THEM DOWN FROM THE TOP OF THE CUFF** to prevent damage to the wrist end.

Keep your Dry Cuffs in the best condition by:

- Hand washing in water below 45 degrees Celsius.
- If needed, wash them in a little mild dishwashing liquid or a neutral laundry detergent.
- Hanging or laying them flat to dry out of direct sunlight and heat.
- **DO NOT** tumble dry, dry clean or use any other machine that uses excessive heat.
- **DO NOT** wash them with any chemicals/bleach as it will perish the neoprene.
